

FIERCELY INDEPENDENT

HEBRIDEAN BREWING COMPANY QUALITY GUARANTEE

At the Hebridean Brewing Company we have a belief that quality is fundamental to our products. We create traditional craft brewed ales full of flavour and character using only the best ingredients. Everything from milling the malted barley to bottling the final beer is carried out at our brewery in the Outer Hebrides and nowhere else.

We believe that the unique taste of the islands owes much to the Hebridean water, the quality of our ingredients and the pride and care we take in making our fine ales. We therefore refuse to brew or bottle our beers under licence on the mainland.

So next time you try a pint of Hebridean beer, you can be assured it was made with only the best malt, hops, yeast, Hebridean water and a love of making quality ales.

We won't compromise on quality, why should you.

You won't find our badge on anything else.
